

# Office 365 GUIDE—MS Outlook 2010 Quick Setup

Step 1: Open Internet Explorer and from the Tools menu select internet options, then connections Tab, Click LAN Settings and then Advanced.

Remove any entries like this.

In the Exceptions list—make a note of any entries that are..

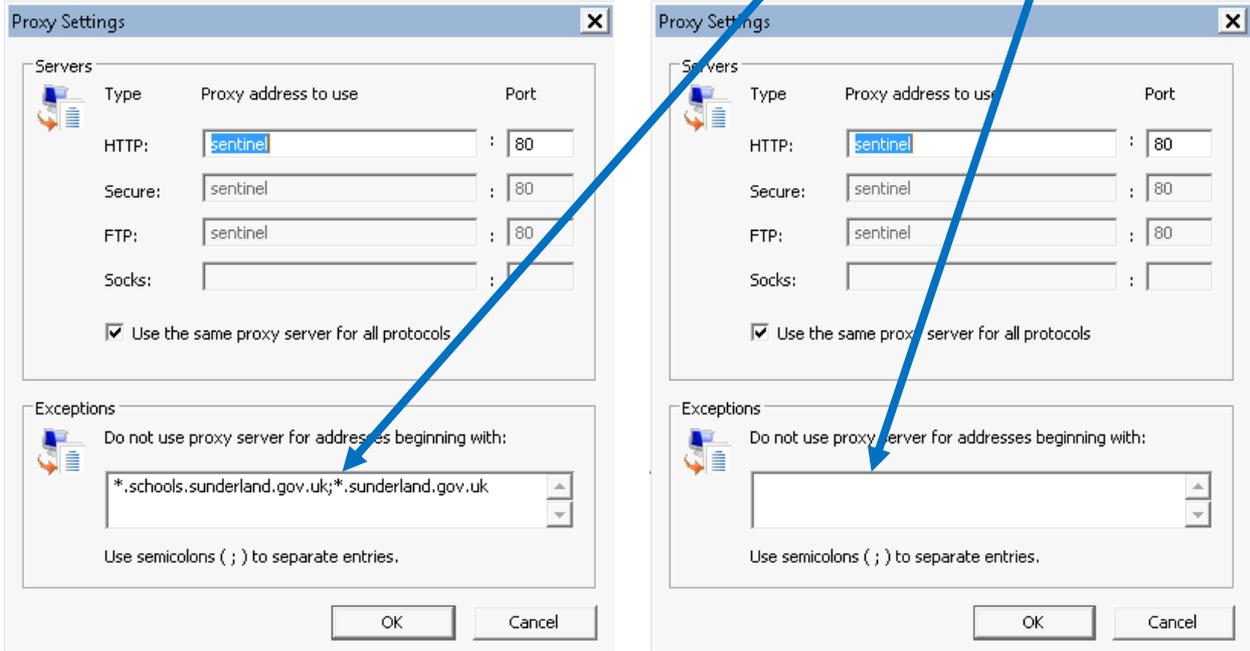

**Tip: Copy all entries to your clipboard using "CTRL C" paste them into notepad or word so they can be pasted back in later**

\*.schools.sunderland.gov.uk

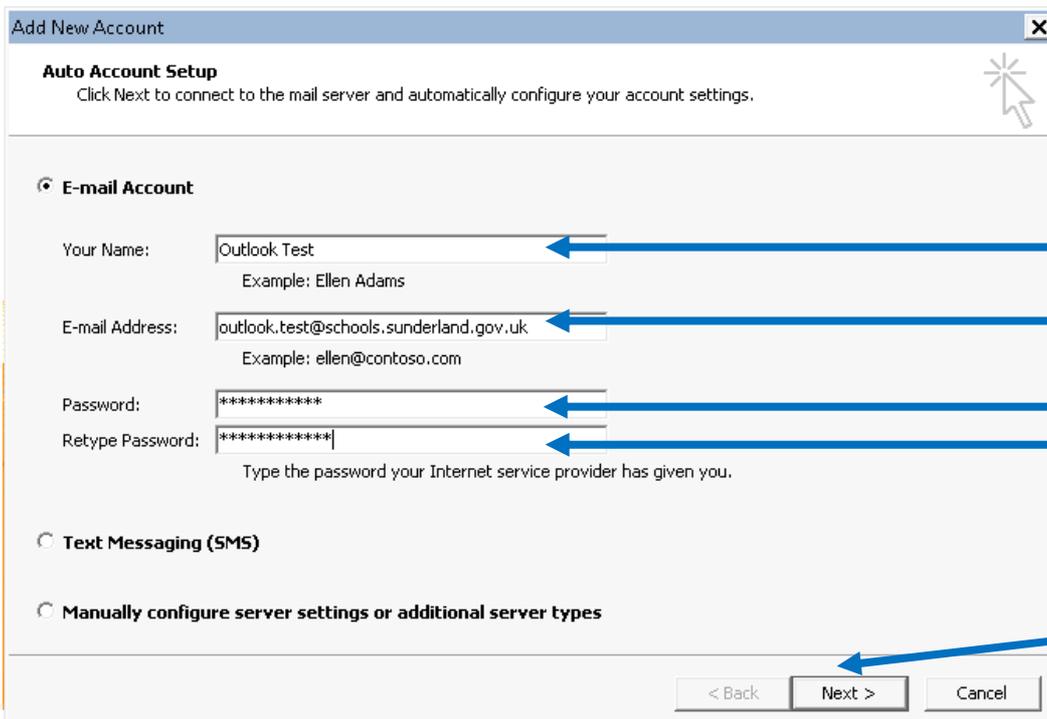

\*.sunderland.gov.uk

Remove these entries and click ok until you can close Internet Explorer

**Please note any removed exceptions will need to added back in after outlook is configured**

Step 2: Open Outlook and begin the setup wizard process. Note: If Outlook is already setup with an account is already setup then go to the accounts section in Outlook and add a new account

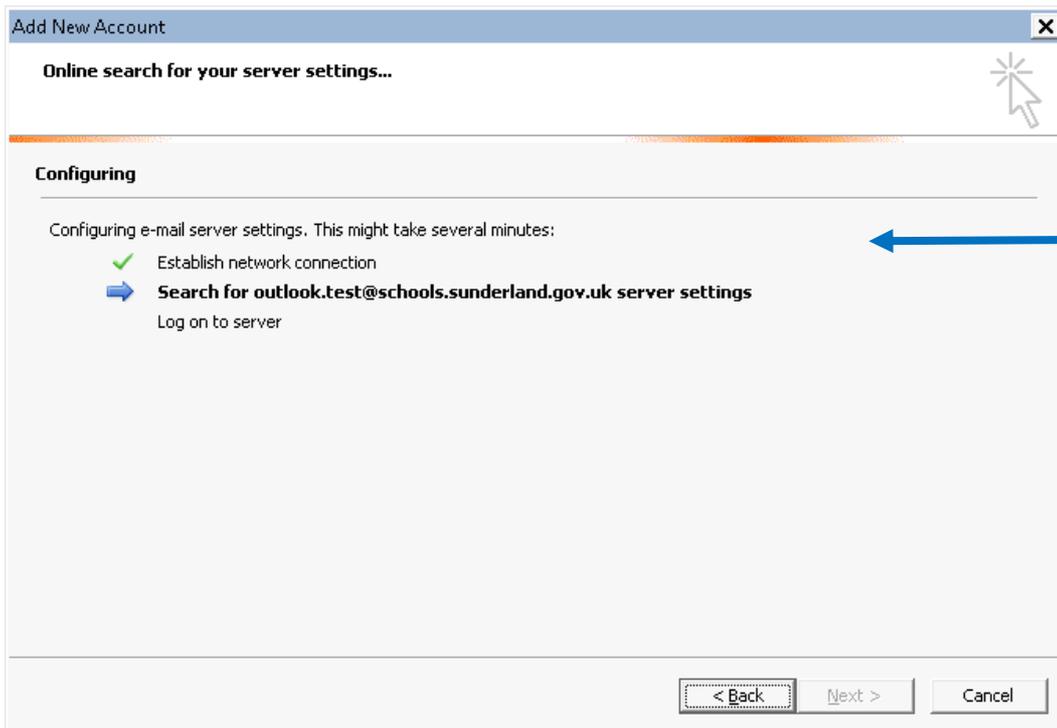

Step 14: Enter your name

Step 15: Enter your full email address

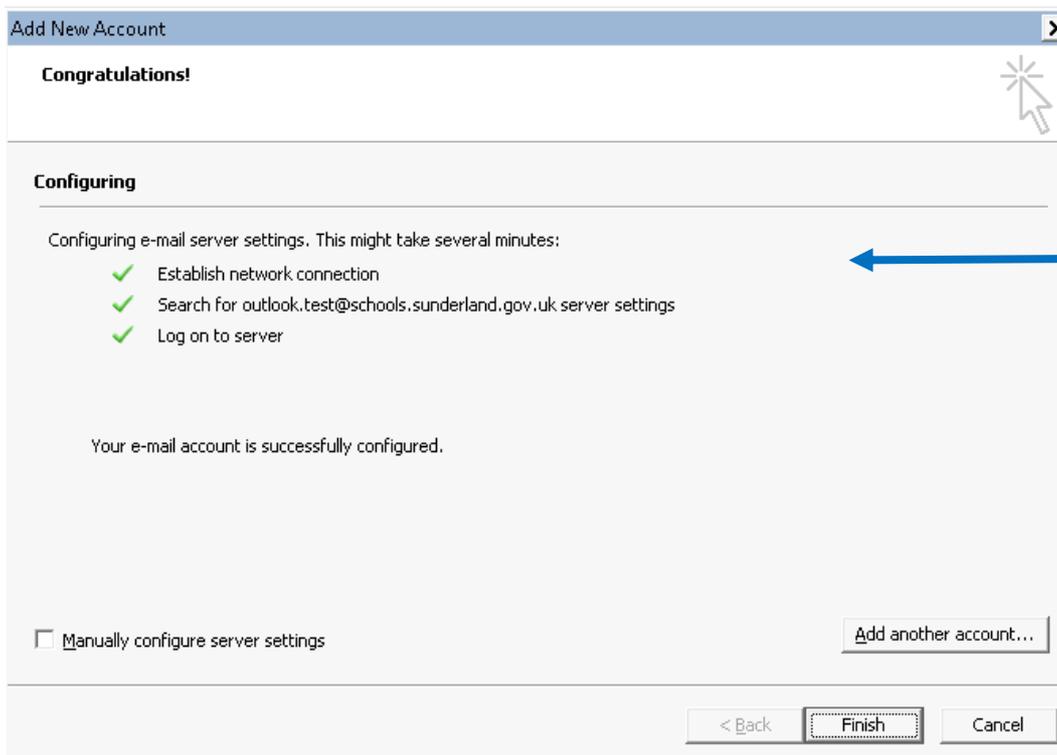

Step 16: Enter and confirm your password

Step 17: Click Next

## GUIDE—Setup MS Outlook from the Office 365 Web Site

Step 3: The following screen will appear as outlook automatically configure

Step 4: Once each task is completed a tick will appear. Once all 3 ticks appear click finish to proceed.

**Process Complete:** After completion of all of the above steps Outlook will ask you to restart Outlook. On first opening you will again be asked to confirm the password for your account. Outlook will then complete the setup, sync with your office365 account and open your mailbox.

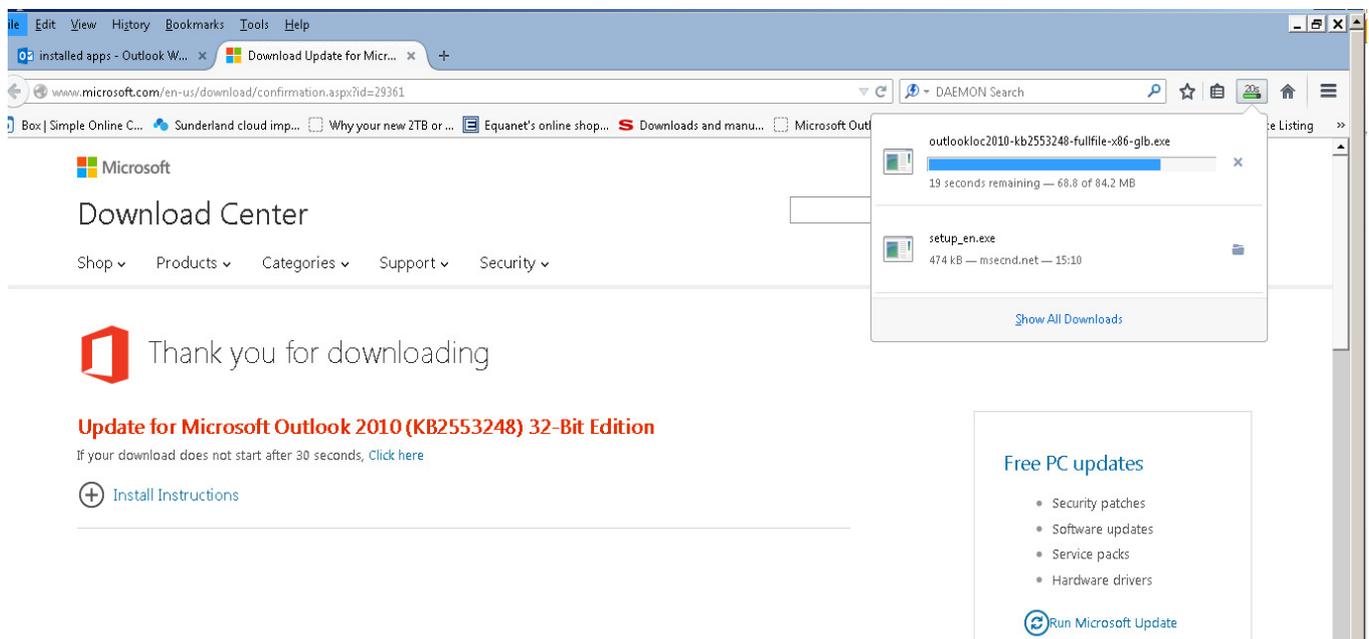

**Lastly please go through step 1 again to put back in place any removed proxy exceptions**

## TROUBLESHOOTING

If outlook fails to work with Office 365 once the above steps have been completed, please ensure the latest updates for Windows and Office are installed, including SP2 and the below KB patch if using Office 2010 . Also please ensure \*.schools.sunderland.gov.uk or \*.Sunderland.gov.uk are **NOT** specified as a **proxy exclusion's** within Internet Explorer.

The screenshot shows a web browser window displaying the Microsoft Download Center page for the 'Update for Microsoft Outlook 2010 (KB2553248) 32-Bit Edition'. The page includes a 'Thank you for downloading' message and a link to 'Install Instructions'. A download manager overlay is visible in the foreground, showing two files: 'outlookloc2010-kb2553248-fullfile-x86-glb.exe' (84.2 MB) and 'setup\_en.exe' (474 KB). The download manager also displays a 'Show All Downloads' button. On the right side of the page, there is a 'Free PC updates' section with a 'Run Microsoft Update' button.
